# Enhancement

## System Settings

- Added the ability to disable PINs in Kiosk Mode by adding a new System Setting.

Use Case: Previously, Members were required to enter a billing Member's number and PIN to sign in to the Kiosk. With the new **"Disable PIN in Kiosk Mode"** System Setting enabled, Members can easily swipe their card, or enter a Member number (including non-billing Members) to quickly log-in, and check-in.

Enter Member Number

1	2	3	4	5	6	7	8	9	0	Backspace	
Q	W	E	R	T	Y	U	I	O	P		Clear All
A	S	D	F	G	H	J	K	L	'		OK 
Z	X	C	V	B	N	M	,	.	Cancel 		
-	Spacebar										@

Welcome Back Stacia Zak

Check-In

Exit 

## Bug Fixes

- Fixed an error where an '#Error' message would be displayed when previewing a \$0 batch.
- Fixed an issue with Non-Member Cash Receipts not working in new member payment wizard.
- Fixed an issue with the new Member Charge Wizard not allowing users to enter a negative price.
- Fixed an issue with POS defaulting to the guest member when clicking OK in the find member form when no members were displaying in the grid.
- Fixed an issue with the Check Memo not appearing on the printed check when using the new Quick Check form.
- Fixed an issue with the calculation of tax inclusive items with flat service charge rates and/or flat tax rates.
- Fixed an issue when trying to transfer tickets to another employee in POS.
- Fixed an issue with the Credit Book Balance ticket element not displaying properly.
- Fixed an issue where employees were prevented from clocking out of POS with pending gratuity tickets that had already been posted.
- Fixed an issue where the Check Date column was visible in the new Member Payments wizard when not using the Cash Receipt processing method.
